# MARKETING INTERNSHIP

As a Mexican company we, the Tecnologia Inteligente Group, short Tecnoligente, are following our aim to make Mexican cities become smart according to their energy and traffic infrastructure. Examples from inspiring cities in Europe lead our way and offer the best technology to bring to the Mexican market.

We want to offer you the opportunity to test your marketing and management skills in a real-life situation from our European office in Jönköping, Sweden. You would work with our Marketing Manager on several projects and receive at the same time a Management Mentoring by our CEO - Lidier Baltazar.
